

DARROW ATTORNEY DECLARES FRANKLIN TO BE A MONSTER AND DENIES ALL ACCUSATIONS

LOS ANGELES, August 13.—Declaring that Darrow ever came to trial at all, Horace Appel opened the argument for the defense today. "What a shame that Darrow, whose name is inscribed in the heart of every laborer in the country, should in his declining years be pointed at as a perjurer and a criminal," said Appel. "What a shame because the prosecution says 'this looks suspicious,' that he should risk the dark penitentiary and the grave with the headstone, 'he died in disgrace.'"

In discussing Franklin, he said:

PARENTS FIGHT FOR CHILD BEFORE ASKING DIVORCE

COUPLE FROM CONNECTICUT
SEEK CUSTODY OF CHILD NOW
IN CARSON CITY

An interesting battle over the custody of a 3-year-old girl, Vera Gertrude Tiedemann, commenced in Carson City on Friday afternoon between the father, Rudolph W. Tiedemann and the mother, Gertrude E. Tiedemann, a resident of Carson City, and the fight on this particular proceeding, a habeas corpus matter, will come to a focus on next Friday afternoon in the district court in Carson City before Judge Langan. At the present time the mother has the custody of the child and is guarding the little one in her home in Carson City, and to aid her she is said to have a watchman at night while she depends on her own vigilance in the daytime.

Mrs. Tiedemann went to Carson City some months ago from her home in Connecticut and had her child with her when she arrived. She was also accompanied by a nurse. Since that time she has resided in Carson and has been out of that city but little.

On Friday afternoon while Attorney George Bartlett, who represents Mrs. Tiedemann was in Virginia City, he heard that the father of the child had arrived in Carson and was preparing to secure the custody of the baby, if possible. Attorney Bartlett immediately secured an auto and rushed to Carson City and had the baby concealed. He then hurried to Reno after Mrs. Tiedemann, who came to this city earlier in the day on horseback, accompanied by another lady.

Arriving in Reno Attorney Bartlett got Mrs. Tiedemann and hurried back to Carson and in the meantime Sam Platt, representing the husband, hurried to Virginia City and secured a writ of habeas corpus. He then went back to Carson and failing to find the child waited until the mother returned from Reno when the papers were served on her.

Now the habeas corpus proceedings has been set for next Friday before Judge Langan and in the meantime the mother is carefully guarding her babe fearing that an attempt will be made to abduct it and carry it from the state.

Mr. and Mrs. Tiedemann are from Greenwich, Conn., and are both wealthy and prominent in their hometown.

CHINA ABOUT TO MAKE LOAN

LONDON, August 13.—That China is on the verge of contracting a loan of \$50,000,000 is the belief of the correspondent of the London Daily Telegraph. The offer from the different foreign syndicates has inspired the six powers syndicate, the correspondent believes, to grab about face and is now offering China money on almost any terms.

SULTAN ADVOCATES

RABAT, Morocco, August 13.—The abdication of Moulay Hafid, sultan of Morocco, is practically an accomplished fact.

DAN J. ROBB IS STRONG CANDIDATE FOR SHERIFF

WAS THE FIRST MAN TO FULLY
ENFORCE DUTIES OF THE
NYE COUNTY OFFICE

Among the many candidates who are making a quiet but effective campaign for the nomination to the office desired is D. J. Robb, who is seeking the democratic nomination for the sheriff and assessor's office. Mr. Robb is one of the pioneers of Tonopah and southern Nevada, and has a high standing among the business men and residents of this camp. Nearly three years ago he was appointed the sheriff of Nye county by former acting Governor Dickerson and filled the office with credit.

It was the first time in the history of Nye county that the legal duties in connection with the sheriff's office were fully carried out, when Mr. Robb occupied the office. He faithfully performed every duty demanded, and in the execution of his duties did not show favoritism in any direction.

A number of years ago when Aurora was the county seat of Esmeralda county Mr. Robb served several terms as sheriff of that county. He is thoroughly qualified to assume the duties demanded, and if nominated and elected the tax payers and residents of the county can depend on the law being enforced to the very letter. In the past performances of his duties Mr. Robb has made appointments without thought of political affiliation, his every action being to secure efficiency in office for the benefit of the taxpayers.

POSTAL CLERKS NOW PERMITTED TO ORGANIZE

SENATE FINALLY PASSES MEASURE
AFTER INDULGING IN
BITTER DEBATE

WASHINGTON, August 13.—Following a bitter debate the senate today voted 49 to 7 to permit postal employees to organize, but prohibiting affiliation by an organization countenancing strikes and lockouts. It is believed the effect of the amendment will be to bar co-operation with the American Federation of Labor.

PRINCE HENR YSELECTED

BERLIN, August 13.—Prince Henry of Prussia, brother of the German emperor, has been selected to represent Germany at the funeral of the late emperor of Japan.

COLLISION AT SEA

ROTTERDAM, August 13.—The German steamer Barmer put back into this port today in a damaged condition as the result of a collision with the Frankfurt. The vessel's fore peak was crushed in and the forward compartments were full of water.

BAND BOYS APPEAR IN NEW UNIFORMS

The Tonopah boys' school band serenaded the Bonanza office last evening while on their march to the Miners' Exchange hall where they rendered several selections during the progress of the musicians' dance. The youthful musicians were attired in their new uniforms which arrived yesterday and made a splendid appearance on the streets.

and that it will become necessary to sentence the condemned man again and for a second time ask him his preference. Cowing believes he can convince the murderer to accept hanging as the method. He has talked to the prisoner in regard to the matter and is convinced that if the question of the death penalty is again submitted Mirkovich will change his mind. But the date of the execution is drawing near and no change is evident. Cowing in the meantime, must find five men who will deliberately shoot Mirkovich. It appears at this time as an almost hopeless task.

IS RECEIVING SUPPORT OF HOSTS OF FRIENDS

W. R. McFADDEN IS MAKING
THOROUGH CAMPAIGN FOR
JUSTICE PEACE OFFICE

W. R. McFadden, who is one of the democratic aspirants for the office of justice of the peace of Tonopah township, is conducting a thorough campaign for the office he seeks. Mr. McFadden has the distinction of being a pioneer resident of Tonopah, and before emigrating to this camp in the early days, resided in Lincoln county.

With regards to qualifications for the office, Mr. McFadden is thoroughly capable of handling the duties depending upon the justice. He can be relied upon to administer law and justice to all concerned in an impartial manner. He is under obligations to no one, is thoroughly honest and dependable and with these sterling assets is being given the support of his hosts of friends in this camp.

Mr. McFadden is now employed as engineer at the Umatilla mine and when not employed at his duties is endeavoring to meet all the voters of Tonopah and personally talk with them regarding his candidacy. That he is meeting with success in his quest for votes is demonstrated by the many pledges made to support him.

FIRE BURNS SUGAR PLANT

NEW IBERIA, La., August 13.—Fire tonight practically destroyed the plant here of the Segura Sugar company. The estimated loss is \$500,000.

CHICAGO WILL SOON MAINTAIN TAFT OFFICES

HILLES DEPARTS TO OPEN THE
WESTERN HEADQUARTERS
IN WINDY CITY

NEW YORK, August 13.—Hilles went to Chicago today to open the western republican headquarters. He has appointed a campaign advisory committee. Chairman Barnes, Miss Helen Boswell of New York and Mabel Boardman have been appointed to take charge of the women's work in the suffrage states.

MEYER AT NEWPORT

NEWPORT, R. I., August 13.—Secretary of the Navy Meyer arrived here today on the dispatch boat Dolphin from his summer home in Hamilton, Mass., where he has been recuperating from an attack of typhoid fever.

REBELS CLOSING IN

MEXICO CITY, August 13.—Mexican forces under Generals Delos and Joaquin Miranda are closing in on Toluca, the capital of the state of Mexico, according to reports of passengers who reached here today.

FIGHTING RESUMED

CETTINJE, Montenegro, August 13.—Frontier fighting between Turks and Montenegrins recommenced today when reinforcements reached the Turkish fortified posts on the eastern frontier.

REGISTRATION NOTICE

Notice is hereby given that the time for registration of the names of the qualified electors in the election district of Tonopah township, in the several precincts of said township, in Nye county, Nevada, prior to the primary election to be held on the 3d day of September, 1912, for the said county of Nye, will expire at 6 o'clock p. m. on the 13th day of August, 1912. Registration offices located in rooms 283-284, State Bank building.

H. H. ATKINSON,
Register Agent.
Advertise in the Bonanza

PUBLIC SERVICE COMMISSION WILL MAKE INVESTIGATIONS OF SEWER, WATER AND LIGHT CO'S.

The public service commission of Nevada will investigate the local sewerage, electric light and water companies, in accordance with requests filed by the Nye county grand jury. This information was conveyed to Tonopah this morning through a communication received by the Bonanza from H. F. Bartine, chief commissioner of the board of Carson City.

The communication as received is as follows:

We take it that your people are considerably interested in the electric light, water and sewer service in your town. The grand jury of Nye county has complained of all three of these companies to this

commission, and we already have a case pending against the sewer company and it will be brought to hearing, at some time, we hope, in the not distant future, when the attorneys for the opposing sides can agree upon a date.

While the grand jury has made a rather informal complaint to this commission, it seems to be difficult to get any one, or any body of men, to make complaint in due and specific form. Therefore, being anxious to have the whole situation investigated thoroughly, this commission has taken the initiative in the complaint against the water and electric light companies and has served upon them notices and citations.

EFFORTS BEING MADE TO CHANGE DIVORCE LAW

SPECIAL DISPATCH FROM RENO
TO SAN FRANCISCO PAPER
SAYS THIS IS FACT

The following from the San Francisco Call of Monday is a sample of the publicity Nevada is receiving through the action of the Renoites with regard to the divorce question. The article is sent as a special dispatch, and follows:

RENO, Nev., August 11.—Strenuous efforts are being made this year to elect a state legislature in Nevada pledged to change the present lax divorce laws by making the residence requirements one year instead of six months, as at present. The movements has reached startling proportions and is a leading issue in the campaign.

For many months a bitter feeling against easy divorces has been in evidence on the part of districts outside of Reno, and as a result candidates are being placed in the field to amend the present law and do away entirely with the notorious Jones time lock divorce law, which merely requires a physical residence of six months in order to obtain jurisdiction to file a suit for divorce in the state of Nevada.

It is claimed by the state at large that Reno secures whatever monetary benefit the divorce colony brings to Nevada, while compelled to stand the ridicule heaped upon the state. There is little doubt a legislature will be elected that will change the laws making the necessary period of residence 12 months.

JUMBO EX. MILL AT BONNIE CLARE TO START SOON

SHIPMENTS OF ORE FROM THE
MINE HAVE BEEN SENT
STEADILY TO PLANT

The stamps at the Bonnie Clare mill, 36 miles south of Goldfield and on the main line of the L. V. & T. railroad, will begin dropping within a few days on ore from the Poleverde workings of the Jumbo Extension company. The plant would have been started before this time but for delays in receiving some of the equipment, including chain drives for the concentrators and other parts of machinery, which have been held up in transit by the recent washouts on the railroad, which have delayed the arrival of cars for this camp and caused a congestion of freight along the railroad.

Shipments of ore from the mine have been going forward to the mill, in order that the storage bins might be filled before the plant starts operating, but some of the cars have been delayed and a number are now at the mine, awaiting transportation to the mill. Many of the old stopes in the mine are filled with ore, awaiting room in the mill bins, and there will be no lack of ore to supply

SENTENCE IS AGAIN SUSPENDED DIXON CASE

DEFENDANT APPEARS IN COURT
AFTER HAVING SPENT 6
MONTHS AT LIBERTY

George E. Dixon, who was convicted of voluntary manslaughter in the district court several months ago and sentenced to ten years in the state penitentiary, with the execution of the sentence suspended for three months, appeared before Judge Averill yesterday afternoon, accompanied by his attorney, and reported to the court in conformity with the court order. At the time the execution of the sentence was suspended Judge Averill remarked that the order would remain in effect as long as the conduct of the defendant was exemplary.

It was shown to the satisfaction of the court yesterday that Dixon's conduct had been exemplary during the last 90 days, and on this showing Judge Averill granted a further suspension of the sentence for six months. At the expiration of that time Dixon will again be required to appear before the court.

VIRGINIA MINES SCHOOL ISSUES A PROSPECTUS

An announcement, in the form of an illustrated pamphlet, has just been issued by the Virginia City school of mines and is of interest to persons desiring to take a course in either the scientific or practical branches of mining and the related industries.

The institution has for years had a high standing among similar schools of the country and is described in the pamphlet as a "school of practical utility for the laboring man, miner, millman and prospector." It has an excellent laboratory equipment and the courses of instruction include mathematics, physics, surveying, assaying, cyaniding and prospecting.

Diplomas are awarded the students and the number of credits assigned to each subject is based upon similar work done by the students of the Mackay school of mines of the University of Nevada. The fall term opens September 4.

ASKS FOR MORE TROOPS

PARIS, August 13.—The Arm Gazette today says the French resident governor in Morocco, General Lyautey, has urgently demanded reinforcements to enable him to adequately deal with the unrest among the Moorish tribesmen.

Conditions in the mine are said to be highly satisfactory and the amount of new ore placed in sight recently insures a large and regular production of a grade that will yield a good profit, as indicated by the exhaustive tests that have been conducted on the ore. The new intermediate drift to the south, at a depth of about 550 feet, is making an excellent showing and a large tonnage is being blocked out in the main ore shoot, opened on the 8th and 9th-foot levels and which is now exposed for a distance of over 100 feet.
